EDUCATION

University of Dhaka- Institute of Information Technology

B.S. in Software Engineering - GPA: 3.71/4.00

Dhaka, Bangladesh

Expected Graduation, September 2026

Rajuk Uttara Model College

Higher Secondary Certificate - GPA: 5.00/5.00

Dhaka, Bangladesh

December 2021

Rajuk Uttara Model College

Secondary School Certificate - GPA: 5.00/5.00

Dhaka, Bangladesh

April 2019

PROJECTS

CharityGuard

Team Lead

Jan 2025 – March 2025

- Engineered a decentralized Web3 charity platform using Node.js and Next.js, integrating blockchain for secure donation workflows
- Utilized Hardhat to deploy on the Polygon Amoy Testnet, enabling transaction history and performance monitoring

Connect Four

Software Developer

May 2025

- Developed a Connect Four game in Lua, integrating the Minimax algorithm for intelligent move selection
- Enhanced AI performance by fine-tuning the evaluation function for faster decision-making

DU Estate Office Management Application SRS

Requirements Analyst

Jan 2024 – June 2024

- Co-authored a detailed Software Requirements Specification (SRS) document for an estate management system proposed for University of Dhaka

CubeMate

Software Developer

August 2023 – December 2023

- Built a Rubik's Cube Solver from scratch in C++ during my freshman year, without relying on external libraries
- Wrote over 2,700 lines of pure C++ code as part of a self-imposed challenge to implement the entire logic manually

Smart-Library-Distributed

Software Developer

May 2025

- Developed a distributed library management system, demonstrating a monolithic to microservices architecture
- Implemented Docker containerization and API gateway for load balancing to enhance system resilience and scalability

EXPERIENCE

IIT HCI Community

Research Intern

September 2024 – Present

- Contributed to ongoing research projects in Human-Computer Interaction (HCI) domain
- Assisted in conducting a literature review and FGDs for an HCI-related paper

SKILLS

Programming: Java, Python, SQL, Node.js, React.js,, C++, C, Lua, JavaScript/Typescript, HTML/CSS, Solidity

Tools: Git/Github, Linux/UNIX, MySQL, MongoDB, Figma, Jupyter Notebook, Google Colab, IntelliJ, Docker

Competitive Programming: Codeforces Pupil (Max Rating: 1324)

ACTIVITIES AND ACHIEVEMENTS

IIT Software Engineers' Community

Executive Member

September 2022 – Present

- Member of an organization of 50+ SE students, hosting industry-relevant seminars and nationwide tech events

Prothom Alo presents " Quarantine Short Film Fest 2020"

Winner

July 2020

- Authored the screenplay for a short film collaboratively produced with friends, which got selected in a nationwide competition organized by Prothom Alo
